Come undone and reached the end  
                    **Dm**  
Now I wait

Through the fire that rages on  
Through the shaking and the storm  
Where the air is burnt with fear  
Lord of mercy, are you near?  
Here I wait

*Still small voice, speak to me*

Though the trials of life press in  
Strife without and fears within  
Still my soul finds rest in God  
In the quiet of his love  
I will wait

Here I wait

*Chorus*

**BRIDGE:**

**C C/F**

Here I wait for you

**C G**

Open wide to you

**Am F**

I believe in you

**G**

Today (repeat)

*Chorus*
