

## Fully Known

**VERSE 1:**

Bm            A/C#   D            D/F#   G  
More than I can wrap my heart around

Em                            D/F#                            G                            A  
Your thoughts of me outnumber all the stars that can be found

G                            A/G            A#o<sup>7</sup>                            Bm  
Higher than the heavens, deeper than the sea

Em                            D/F#                            G                            A  
There's nowhere your love can't reach a restless soul like me

## VERSE 2:

Though I try to hide behind a veil  
The images that I project, the stories I can tell  
You've searched me and you've known me and you see my deepest part  
Who am I that you should welcome me inside your heart?

**CHORUS:**

D/F# G D  
*I'm fully known, loved by you*  
 G A  
*Face to face with love so true*  
 D/F# G A Bm  
*The old has gone, all is new [(Last time:) Free at last, nothing to prove]*  
 (2nd) Dsus4 D  
 Em A (1st) G/B A/C# D D/F# G  
*I'm fully known and loved by you*

**VERSE 3:**

Letting go of all that's gone before  
All the keeping up and saving face and striving to keep score  
These superficial moments fade away before the cross  
And now I've found my worth is here, I count all else as loss
